## THE 100% ROLLER EVENT!!! 'Rennes sur Roulettes' - 25 > 26 APRIL 2009

Organised by the Cercle Paul Bert and Rennes City Council, 'Rennes sur Roulettes' will once again be a key event among the classics of the world inline speed skating circuit as it welcomes the international elite at the gates of Brittany.

Our Breton friends will certainly not be left out of the action as the streets of Rennes will be open to them during the 2 days of the event. They will therefore be able to indulge in the joys of roller-skating by participating in the 'randonnées roller' which are open to everyone.

There is the famous '**randonnée populaire**', a sort of **fun run on skates**, on the Sunday morning as well as the '**Rennes Rollers PIZZA SPRINT**' for the more serious sportsmen (and women) on the Saturday evening. There is therefore something for everybody.

For those interested in learning how to roller-skate, the CPB Roller will be organising **roller-skating for beginners** sessions, so even beginners will be able to put their skates on.

Finally – something for the more daredevil element! There will be activities, demonstrations, and competitions on the programme on the Esplanade Général de Gaulle. Of particular interest will be the final stage of the **French Jump/Slalom Cup 09** and the **Street Contest**, which counts towards the FISE Experience 09 tour.

**'Rennes sur Roulettes' is going green !!!**

In addition to a packed sporting programme, 'Rennes sur Roulettes 09' is becoming **environmentally friendly!!!** As part of our programme to raise public awareness of environmental issues, a variety of activities will be organised with the aim of informing us how together we can reduce our impact on the environment.

**So whatever the weather, whether windy, rainy, or sunny, 'Rennes sur Roulettes' is ready and waiting for you on 25 and 26 April at the Esplanade Général de Gaulle so that together we can all make this Rennes mass-appeal sporting event the 'must' of France's roller festivals.**
